**ELECTION COMMISSION OF INDIA
ORDERS**

Now Delhi, the 7th November, 1981

O.N. 8.—Whereas the Election Commission is satisfied that each of the contesting candidates specified in column (4) of the Table below at the election to the Uttar Pradesh Legislative Assembly as specified in column (2) and held from the constituency specified in column (3) against his name has failed to lodge an account of his election expenses at all, as shown in column (5) of the said Table as required by the Representation of the People Act, 1951 and the Rules made thereunder;

And, whereas, the said candidates have either not furnished any reason or explanation for the said failure even after due notice or the Election Commission, after considering the representations made by them, if any, is satisfied that they have no good reason or justification for the said failure;

Now, therefore, in pursuance of section 10-A of the said Act, the Election Commission hereby declares the persons specified in column (4) of the Table below to be disqualified for being chosen as, and for being a member of either House of the Parliament or of the Legislative Assembly or Legislative Council of a State for a period of 3 years from the date of this order.

O.N.9.—Whereas the Election Commission is satisfied that each of the contesting candidates specified in column (4) of the Table below at the election to the Uttar Pradesh Legislative Assembly as specified in column (2) and held from the constituency specified in column (3) against his name has failed to lodge an account of his election expenses within the time and in the manner, as shown in column (5) of the said Table as required by the Representation of the People Act, 1951 and the Rules made thereunder;

And, whereas, the said candidates have either not furnished any reason or explanation for the said failure even after due notice or the Election Commission, after considering the representations made by them, if any, if satisfied that they have no good reason or justification for the said failure;

Now, Therefore in pursuance of section 10A of the said Act, the Election Commission hereby declares the persons specified in column (4) of the Table below to be disqualified for being chosen as, and for being a member of either House of the Parliament or of the Legislative Assembly or Legislative Council of a State for a period of 3 years from the date of this order.

O.N. 10.—In pursuance of Section 106 of the Representation of the People Act, 1951, (43 of 1951) the Election Commission hereby publishes the judgment dated the 12th October, 1981 of the High Court of Judicature at Lucknow in Election Petition No. 1 of 1981.

Election Petition No. 1 of 1981

With

Civil Misc. Application No. 65(E) of 1981

in re :

Sri Dhartipakar Madan Lal Aggarwal ..Petitioner.
VersusSri Rajiv Gandhi ..Respondent.
Hon'ble K. N. Goyal J.

In this election petition directed against the election of Sri Rajiv Gandhi respondent against Lok Sabha from 25-Amethi Lok Sabha Constituency, the sole respondent had entered appearance on 21-9-1981 and submitted an application under VI Rule 16 read with order VII Rule C.P.C., as applied to election petitions by Section 87 of the Representation of the People Act, 1951, praying that various paragraphs of the election petition be struck off and further praying that the election petition itself be dismissed as not disclosing any cause of action. A copy of this application was given to the

petitioner who was present in person on that date, and he was allowed time to reply to the application till 30-9-1981. The petitioner has not submitted any reply to the application. He has also not appeared today although the date was fixed in his presence and no application whatsoever has been received from him. The petitioner was not represented by any counsel.

In the circumstance I have heard the learned counsel for the respondent, Sri H. R. Bhardwaj followed by Sri S. C. Maheshwari, ex-parte.

Shri Bhardwaj has taken me through the entire election petition and has submitted that the allegations on their very face do not fulfil the requirements of law as regards ingredients of alleged corrupt practices. Section 83(1) of the Representation of the People Act, 1951 requires that an election petition shall contain a concise statement of the material facts on which the petitioner relies and shall set forth full particulars of any corrupt practice that the petitioner alleges, including as full a statement as possible of the names of the parties alleged to have committed such corrupt practice and the date and place of the commission of each such practice. Learned counsel has argued that the petition falls short of these requirements.

Section 100 of the Act lays down various grounds for declaring an election to be void. Clause (b) of sub-section (1) relates to the commission of corrupt practices by a returned candidate or his election agent or by any other person with the consent of a returned candidate or his election agent. Clauses (a), (c) and (d) of sub-section (1) contain various other ground for declaring an election to be void. It would thus appear that Section 83 of the Act makes a distinction between allegation of corrupt practices and other ground. So far as the allegations of corrupt practices are concerned full particulars thereof are required to be set out in the petition itself while so far as other allegations are concerned it is enough to give a concise statement of the material facts on which the petitioner relies. This distinction has been provided for by the legislature for a special reason, namely, that if an election is set aside on the ground of a corrupt practice the returned candidate not only loses his seat but is also liable to be disqualified for future for a certain period vide

sec. 8A. In numerous decisions it has been laid down that allegations of corrupt practices are in the nature of quasi-criminal charges in respect of which not only strict proof is required but specific pleading along with full particulars is also insisted on.

Section 87(1) of the Act lays down that subject to the provisions of this Act and of any rules made thereunder, every election petition shall be tried, as nearly as may be in accordance with the procedure applicable under the Code of Civil Procedure to trial of suits. There is proviso to this sub-section but the same is not relevant at this stage. Sub-section (2) is also not relevant. Order VI Rule 4 C.P.C., provides that in all cases in which the party pleading relies on fraud etc., full particulars (with dates and items if necessary) shall be stated in the pleading. Rule 5 of Order VI lays down that a further and better statement of the nature of the claim or defence, or further and better particulars of any matter stated any pleading, may in all cases be ordered, upon such terms, as to costs and otherwise, as may be just. In the light of these provisions it has been consistently held by Courts that as in the case of fraud in a Civil suit full particulars of a corrupt practice should be given in the petition itself as required by Section 83. If, however, the particulars as given in the petition, which should contain all material facts, sufficiently constitute the ingredients of the corrupt practice in question, then further and better particulars could be required to be furnished even after the expiry of the period of limitation for an election petition. If, however, the allegations themselves fall short of the ingredients of the corrupt practices in question, then further particulars cannot be submitted after the expiry of the period of limitation for an election petition. As the period of limitation has already expired we have, therefore, to see whether the allegations contained in the election petition are sufficient to constitute the requisite ingredients of the corrupt practices alleged.

In his application the respondent has prayed for the striking out of paras 2 to 55, para 1 being formal.

Para 2 says that on 11-5-1981 the petitioner (who belongs to Madhya Pradesh), arrived in Sultanpur for filing his nomination form and was looking for a proposer. Some prospective proposers were dissuaded by the workers of the respondent but ultimately the petitioner succeeded in securing the endorsement of a proposer and completed his nomination form. It has not been stated as to which workers of the respondent dissuaded which person from acting as proposer nor is any corrupt practice indicated in this paragraph. The paragraph is thus irrelevant.

Paragraphs 3 to 6 are to the effect that the petitioner wanted to file his nomination papers before the Returning Officer after removing all his clothes excepting his Langot. This behaviour of his was considered by some police men to be that of an insane person but ultimately the Returning Officer assured him that the petitioner was free to submit his nomination paper while wearing a Langot only. Accordingly the petitioner did present his nomination paper in that state of dress or undress. These allegations are also clearly irrelevant.

Para 7 says that on 4th and 5th June, 1981 some C.B.I. men started to remain with the petitioner, and two shadows were also attached to him. This merely refers to some security arrangements and has nothing to do with the election petition and is accordingly irrelevant.

Paras 8 to 19 give details of various motor vehicles which were found in the constituency to have been used in support of the election campaign of the respondent with Congress (I) flags. Besides, it is alleged in para 8 that there were arrangements for messing "etc." for the respondents canvassers at the Kothi of Sanjay Singh in Amethi. It is further alleged that the various motor vehicles and the messing arrangements were with the consent of the respondent. These allegations have to be read with those of paras 50 and 51 of the petition in which it has been stated that the respondent spent on his election much more than the ceiling prescribed for a parliamentary election. Para 50(a) of the petition states that at least 100 jeeps were used for 30 days in the Amethi Constituency with the consent of the respondent while in sub-para (b) it has been stated that about 40 jeeps were used in the Constituency in support of the election campaign of the respondent for 30 days. Apart from the fact that the number of vehicles mentioned in paras 8 to 19 and the number of days on which the vehicles were used differ materially from what is alleged

in para 50(a) (b), what is significant is that it has not been alleged in these paragraphs that the respondent either by himself or by his election agent incurred or authorised any expenditure on the use of these vehicles. It may be noted in this connection that in Section 77(1) the following Explanation was inserted by Act No. 58 of 1974 namely :—

"Explanation 1.—Notwithstanding any judgment, order or decision of any court to the contrary, any expenditure incurred or authorised in connection with the election of a candidate by a political party or by any other association or body of persons or by any individual (other than the candidate or his election agent) shall not be deemed to be, and shall not ever be deemed to have been, expenditure in connection with the election incurred or authorized by the candidates or by his election agent for the purposes of this sub-section."

The proviso to this Explanation is not relevant. Explanation-2 lays down for the purposes of Explanation-1 "political party" shall have the same meaning as in the Election Symbols (Reservation and Allotment) Order, 1968, as for the time being in force.

Learned counsel for the respondent has rightly urged that if any expenditure was incurred on the alleged use of the vehicles, then, even though the respondent may have consented to that expenditure by the political party or by any other person it would not amount to incurring or authorising of the expenditure by the respondent. Mere consent or non-objection to the use of the vehicles in support of his election campaign does not have the legal effect of making the expenditure thereon as expenditure incurred or authorised by the respondent. "Authorisation" implies that the candidate took responsibility for reimbursing that expenditure, vide Smt. Indira Gandhi v. Sri Raj Narain A.I.R. 1975 S.C. 2299 (paras 119 and 121). Mere acquiescence or consent of the candidate in respect of any expenditure incurred by his political party or by any friend or well-wisher is not legally sufficient for purposes of section 77 read with section 123(6) of the Act. The same would hold good with regard to messing arrangements at the house of Sanjay Singh. It has not been alleged as to who actually incurred the expenditure and whether it was incurred on behalf of or under an authority of the respondent. Only the consent of the respondent is alleged. This, as noted above, is not legally sufficient for bringing the case within the four corners of section 123(6) of the Act. Accordingly these allegations do not by themselves constitute the requisite ingredients of the corrupt practice imputed, and as such no evidence can be permitted to be adduced in respect thereof.

Para 20 is to the effect that on 11-6-1981 Smt. Indira Gandhi, the Prime Minister, campaigned on behalf of her son, the respondent, by addressing certain meetings in which she exhorted the people to vote for the respondent for the sake of development of the constituency. This has been sought to be elaborated in para 53(i)(a) (b) and (c) of the petition. In the latter sub-paras it has been stated that Smt. Indira Gandhi and other workers of the respondent with the consent of the respondent promised to the electorate that the constituency would be developed if the respondent was elected. This according to these sub-paras, amounted to giving or promising a gift to the voters and also to exercise of undue influence on them. It has also been stated in para 53(1)(a) that a considerable amount was spent on the construction work of Amethi Railway Station about 15 or 20 days before the declaration for poll. The precise language in which the alleged promises were said to have been made by the Prime Minister has not been set out in any of these paragraphs, which was necessary having regard to proviso (b) to sec. 123(2). There is nothing unusual or illegal if a candidate or his supporters promise to the electorate that the candidate if returned would work effectively for the development of his constituency. Thus this paragraph also does not contain any sufficient allegation which may constitute, in the eye of law, any corrupt practice either of gift to voters or of undue influence within the meaning of Section 123(1)(a) (ii) or (2) of the Act nor can any Government expenditure on the railway station be brought within any other provision of the Act.

Paras 21 to 27 give details of the petitioner's own movements between 11-5-1981 and 14-6-1981. Out of them paras 22 to 27 are not even mentioned in the affidavit of the petitioner. Para 21 merely says that the petitioner could not get an interview with the Prime Minister on 11-5-1981. This para is clearly irrelevant and so are paras 22 to 27 which do not disclose any ground for setting aside the election of the respondent.

Para 28 states that on 14-5-1981 in the morning hours, he saw at a polling station in a junior High School, Amethi, that one woman who went inside a polling booth for casting her vote was accompanied by any another person. The date 14-5-1981 appears to be a mistake for 14-6-1981, the date of the poll. The allegation, however, clearly vague and does not say anything about the respondent or his election agent, if any. It is thus irrelevant.

Para 29 of the petition states that on the same day, at another polling station in Amethi, he found that at a polling booth of the respondent the electors were being given drinking water and Patishas and that this was being done with the consent of the respondent. The name of the polling station has not been mentioned. The use of the expression 'polling booth' in the context of the respondent is obviously misconceived as a candidate cannot have his polling booth. A polling booth is set up by the Election Department and is part of a polling station. A candidate cannot thus have polling booth. Assuming that what is meant is a camp of the supporters of the respondent, the allegation, a part from vagueness, suffers from the same deficiency as the allegations in paras 8 to 19 discussed above. Here also there is mention of the respondents "consent" but it is not alleged that any expenditure was incurred or "authorised" by the respondent. For the reasons already given in the context of the aforesaid paragraphs this para is also irrelevant.

Para 30, which may be read with Para 53(i)(d) says that on 14-6-1981 at about 2 P.M. the petitioner saw at "a" Junior High School Poling Station that A truck No. U.P.Q. 2299 bearing the flag of the respondent's Party brought about 20 or 22 voters and took them back after they had cast their votes. Earlier the respondent's workers (no names given) had stopped the same truck and the truck owner had not charged any hire from the voters. The allegation is vague inasmuch as the name of the Police Station has not been disclosed. Nor are the names of the voters disclosed. There is no suggestion that the respondent was himself present at the time nor is it stated that talk took place between the "workers" and the truck owner. It has not been alleged in this paragraph that any hire was at all paid to the truck owner. If the truck owner of his own carried any voters gratis the same could not amount to a corrupt practice on the part of the respondent, vide *Umed v. Raj Singh A.I.R. 1975 S.C. 43* [Head Note(B)]. There is no clear allegation of "PROCURING" either. It has been inferentially added in passing that the truck was "brought by respondent's supporters with his consent". Such an inferential assertion is not permissible as it is not a necessary inference from the basic circumstances alleged the facts alleged should point unerringly to that conclusion and admit of no other explanation. Thus the allegation falls short of the ingredients of the corrupt practice specified in Section 123(5) of the Act.

Para 31 of the petition states that on 14-6-1981 at about 3.30 p.m. the petitioner saw at a Junior High School Poling Station in the Amethi Constituency that one person who displayed the "Hand" symbol on his person voted four times. His names was subsequently learnt to be Mahabir. No connection of the said Mahabir with the respondent has been alleged in this paragraph and it has not even been asserted that the petitioner, although an eye witness to this irregularity, made any protest to the Presiding Officer of the Polling Station. The name or precise location of the Junior High School which is said to be situated "within the Amethi Constituency" has also not been identified, nor is voter number (according to the electoral roll) mentioned in respect of Mahabir. Thus this paragraph also falls short of the ingredients of any corrupt practice or of any irregularity.

Para 12 of the petition states that at the Junior High School Amethi Polling Booth, when women voters were going inside along with ballot papers one person used to go with them and to indicate to them to mark their ballot paper against the 'HAND' SYMBOL. The name of that person was subsequently learnt to be Dharam Pal. It is further alleged that this man used to drop the ballot papers in the ballot box either himself, or to get the ballot papers dropped by women voters. Again no connection of Dharam Pal with the respondent has been alleged, beyond suggesting that he was a supporter of the respondent nor is it stated that the petitioner made any protest to the Presiding Officer in regard to this irregularity.

Para 33 states that at the Junior High School Amethi Polling Booth one Jame person who called himself an agent of the Lok Dal used to make complaints to the Presiding Officer who has ever paid no heed to them. The Presiding Officer used to tell Dharam Pal not to commit such an irregularity but after every few minutes Dharam Pal used to indulge again in the same irregularity. It adds that the petitioner was afraid of making any complaint to the Presiding Officer because of the bad atmosphere prevailing in the constituency. In para 53 (e) (iv) also there is a reference to an atmosphere of terror prevailing in the constituency. The allegations of atmosphere of terror are vague and it is not disclosed as to what caused such an atmosphere to prevail. A mere subjective impression of the petitioner in regard to the existence of the alleged atmosphere of terror cannot raise a triable issue.

Para 34 states that near the Junior High School Amethi Polling station, within a distance of 100 metres from the polling station, the workers of the respondent used to canvass to the voters by showing them signs of the "HAND" symbol. This according to the petitioner, was being done with the consent of the respondent. It is not alleged that the respondent was present at the said polling station. The facts from which an inference of the respondent's consent could be drawn have not been indicated. Neither are the names of the "workers" nor is the time at which the complaint act took place indicated. As such the allegation is clearly vague.

Para 35 states that the petitioner saw many pamphlets and booklets in support of the respondent during the election campaign. There is nothing objectionable about the use of pamphlets and booklets as such. Perhaps the reference to these printed matters has been made in the context of the allegation in para 50(c) in which it has been said that the respondents election literature was printed "free" though it should have cost Rs. 50,000.00 or so. There is no allegation at all that any expenditure was actually incurred on the printing of these leaflets etc. Accordingly in view of the legal position discussed earlier, the allegation is totally irrelevant.

Paras 36 to 40, 42 and 43 of the petition are to the effect that the petitioner had appointed a person not previously acquainted with him, one Sardar Ram Pal Singh, as election agent with instructions to him not to appoint any counting agents. Inspite of these instructions some person were found to have acted as the petitioner's counting agents. If the petitioner's own election agent did not faithfully comply with his instructions or if any stranger wrongly acted as the petitioner's counting agent the matter was between the petitioner and his election agent or such other persons and it has no concern with the respondent. These allegations are thus clearly irrelevant.

Para 41 states that on 15-6-1981 one person came to the petitioner saying that his camera had been taken and that apprehending that his megaphone may also be taken away he had come out of the place of counting. Neither is the name of the person who had taken away his camera nor is the name of the person whose camera was allegedly taken away disclosed, nor is it suggested that the respondent had anything to do with the incident. It has further been stated that the petitioner could not meet his election agent (Sardar Ji) and, therefore, he proceeded to Rae Bareli by bus in search of Sardar Ji. The petitioner also apprehended that Sardar Ji might be won over by the respondent's men and fictitious counting agent forms may be got filled in through Sardar Ji on the petitioner's behalf. This allegation is a mere expression of the petitioner's own apprehension or suspicion and does not go beyond it. It is thus entirely irrelevant.

Para 44 says that on 15-6-1981 at the time of counting the petitioner saw that there was a lot of Marpit going on between the supporters of the Lok Dal and the supporters of the respondent. This allegation is also clearly irrelevant as nothing is imputed to the respondent.

Para 45 states that when the police men started beating the respondent's supporters, the respondent's supporters intervened and upon their intervention the police men desisted from beating those workers further. This again does not speak of any objectionable conduct on the part of the respondent or even his supporters. This para further goes on to say that the petitioner also heard that the Lok Dal candidate Sri Sharad Yadav had been arrested by the police. The context in which Sri Yadav was allegedly arrested has not been indicated.

In paras 46, 47 and 48 the petitioner speaks of his efforts to obtain details about appointment of his counting agents from the election officials. His contacts with election officials after the declaration of results have no bearing on the validity of the election.

Para 48 says that on 17-6-1981 i.e. two days after the declaration of the result the said Sardar Ji told the petitioner that he had not appointed any one as a counting agent or a polling agent and had not incurred any expenditure on the election campaign of the petitioner. This again is irrelevant.

Para 49 again refers to the alleged incident of snatching of a camera of an un-named person and of the lodging of a first information report with the police by the said victim. Nothing is imputed either to the election officials or to the respondent in this paragraph and as such it is entirely irrelevant.

Para 50 speaks of expenditure beyond the ceiling limit. Sub-paras (a) (b) and (c) have already been dealt with in the context of the relevant paragraphs in which details of the complained expenditure were mentioned. In sub-para (d) it is stated that flags and bunting worth about Rs. 30,000.00 were used in the constituency with the "consent" of the respondent. Again there is no allegation that any expenditure was incurred on these flags and bunting either by or with the authority of the respondent. In sub-para(e) it is said that about Rs. 30,000.00 were spent on the election meetings of the respondent and his workers with his consent. Neither are the names of any workers given nor have the details of the meetings been mentioned, nor has it been said that the money was spent by or with the authority of the respondent. The same is the case with the allegation in the next sub-paragraph in regard to the meetings addressed by Smt. Indira Gandhi on 11-6-1981 on which the expenditure has been estimated as Rs. 1,00,000.00 (one lakh). There is no allegation that the expenditure was either incurred by or authorised by the respondent. In the next succeeding sub-paragraph expenditure on food etc. of the workers of the respondent has been mentioned. It has been said that about 100 persons spent Rs. 3.00 per day for 30 days. Neither the names of the persons are mentioned nor is it said that the expenditure was incurred or authorised by the respondent. We have already seen that in paragraph-8 the petitioner had earlier mentioned that arrangements for food were made at the house of Sanjay Singh but it was not mentioned that Sanjay Singh or anyone else incurred any expenditure under authorisation from the respondent or on his behalf.

Para 51 says that in view of the foregoing details the respondent and his workers spent with his consent about Rs. 3,15,500.00 we have already seen while dealing with paragraph 50 that it does not show any expenditure having been incurred or authorised by the respondent. As such the inference drawn in para 51 is non-sequitur.

In paragraph 52 it is alleged that the petitioner has learnt that in this election at some polling stations the polling had been 100% and that the respondent had obtained at some places as large percentage of votes as 90%. This is a vague assertion and no polling stations have been identified. This has been sought to be elaborated in paragraph-53 (8) in which it has been said that it was learnt that at certain polling booths there had been 100% polling and 100 to 200% votes had been cast by a single person and further that "perhaps" even the signatures of such persons were not obtained (probably what is meant i.e., on the counter-foil). In sub-paragraph (9) it has been said that at several polling stations the respondent had secured 90% votes. Thus there is bare insinuation about impersonated and bogus votes having been cast, but there is no specific allegation and no clear averment as to where, when and by whom such impersonation was done or in respect of which voters entered in the electoral roll. Thus the allegations in this regard are also on their face insufficient to constitute any corrupt practice or any irregularity which may be said to have materially affected the election.

Para 53 purports to be a summary of grounds of challenge to the election petition based on the preceding paragraphs, but it appears that in several of the grounds the factual averments referred to earlier have been sought to be elaborated. This was not permissible, the more so when we find that paragraph 53 has not even been verified at the foot of the election petition. However that may be, the relevant allegations have already been dealt with while considering

the earlier paragraphs from 2 to 52, and the same ground need not be covered again.

Paras 54, 56 and 58 are formal, paras 55 and 57 merely state the petitioner's conclusions from the averments in the preceding paragraphs which have already been dealt with.

It has been stated in Nihal Singh Vs. Rao Birendra Singh 1970(3) S.C.C. 239 (Para 8) that where the pleadings are vague and the relevant dates, places etc. are not mentioned no evidence should be permitted to be led as it would leave a wide scope to the petitioner to adduce evidence in respect of an incident any place on any date that he may find convenient or for which he could procure witnesses. This is not permissible.

It is thus clear that the various paragraphs making factual allegations do not contain legally sufficient averments that may be said to be constitutive of the corrupt practices sought to be imputed to the respondent in reference to the election. The said paragraphs are thus unnecessary, frivolous and vexatious within the meaning of Order VI Rule 16(a) and to require the respondent to answer these vague charges or to try these vague and insufficient charges would be an abuse of the process of the Court within the meaning of clause (c) of the said Rule 16.

It may also be noted that the affidavit of the petitioner given in support of the petition is defective insofar as it states that paragraphs 43, 49 and 53 of the petition about the commission of the corrupt practice of obtaining of assistance of persons of Government servants and the particulars given therein are "true to (his) information (six) knowledge". The prescribed form lays down that the allegations should be stated to be either as true to the petitioner's knowledge or as true to his information. A vague assertion of an allegation being true to information and knowledge is not permissible.

Accordingly the application [Civil Misc. Application No. 65(E) of 1981] of the respondent is allowed ex parte to the extent that paragraphs 2 to 53, 55 and 57 are ordered to be struck out.

In view of the above no triable issue arises from the election petition, and the election petition does not disclose a cause of action. The election petition is accordingly rejected under Order VII Rule 11(a) C.P.C., read with Section 87 of the Representation of the People Act, 1951. As the petitioner is absent today and as the respondent had appeared in Court even before a process was issued to him no order is made as to costs.
